

Jon I. Einarsson, M.D., MPH
Brigham and Women's Hospital
Boston, Massachusetts

Length of Fellowship (years): <input type="checkbox"/> 1-year <input checked="" type="checkbox"/> 2-years		
Optional Degrees: <input checked="" type="checkbox"/> MPH <input type="checkbox"/> MBA <input type="checkbox"/> MS <input type="checkbox"/> Other: <input type="checkbox"/> None		
Number of Faculty:		
	GYN Faculty: 5	UROGYN Faculty: 1
	REI Faculty: 1	ONCOLOGY Faculty: 1
	GU Faculty:	General Surgery Faculty:
	Colorectal Faculty:	Other:
Residency Program Affiliation: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
Computer Simulation Center: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
Labs:		
	<input type="checkbox"/> Cadaver lab	<input checked="" type="checkbox"/> Animal Lab
	<input checked="" type="checkbox"/> Dry Lab	<input type="checkbox"/> None
Office Surgery: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
Contract/Agreement Letter: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
	Salary: <input checked="" type="checkbox"/> Yes (\$56000) <input type="checkbox"/> No	
	Benefit Package: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	OB obligation: <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
	Moonlighting: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Non-compete clause: <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
	Malpractice: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Meeting support: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Malpractice tail coverage: <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Other coverage obligations- specify:
Accept J1 & H1Visa applicants <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
Dedicated Research Hours: 4 per week. We also have a full time research assistant who assists the fellow with research projects.		
Clinical Focus/Additional Training:		
	<input checked="" type="checkbox"/> Reproductive Surgery	<input checked="" type="checkbox"/> Hysteroscopy
	<input checked="" type="checkbox"/> Endometriosis/Pelvic Pain	<input checked="" type="checkbox"/> Pelvic Reconstruction
	<input checked="" type="checkbox"/> Robotic Surgery	<input type="checkbox"/> Other:

JON I. EINARSSON MD MPH

Assistant Professor of Obstetrics and Gynecology, Harvard Medical School
Director of the Division of Minimally Invasive Gynecologic Surgery
Brigham and Women's Hospital
75 Francis Street, Boston MA 02115
Tel: 617-525-8582
Fax: 617-975-0900
Email: jeinarsson@partners.org

Site Visit: March 10, 2009
Accredited: 3 years

Faculty: Antonio Gargiulo MD, James A. Greenberg MD, Neeraj Kohli MD, Michael Muto MD, Ginter Sotrel MD, Karen C. Wang, MD

2-Year Program

Description: Brigham and Women's Hospital is a highly ranked academic teaching hospital affiliated with Harvard Medical School. The Division of Obstetrics and Gynecology currently offers a full range of highly competitive fellowship programs in addition to a very busy resident teaching service. We are in a unique position to offer a strong candidate an opportunity to become proficient in a wide variety of MIGS techniques and to benefit from the large number of educational and research activities offered at our institution.

Our main goal is to graduate a competent MIGS surgeon as well as an academician that is ready to take on a leadership role within the MIGS community. The fellow will rotate with a number of experienced MIGS surgeons at Brigham and Women's Hospital (BWH) and Faulkner Hospital allowing for exposure to a variety of techniques and procedures throughout the training period. Some of the more commonly performed procedures include TLH, LSH, myomectomy, sacrocolpopexy and surgical treatment of advanced endometriosis. The fellow will also gain experience in robotic surgery, gynecologic oncology procedures and urogynecologic surgery. Members of the division also perform a number of other procedures, such as laparoscopic abdominal cerclage, laparoscopic uterine artery occlusion, laparoscopic presacral neurectomy and a full range of hysteroscopic procedures.

We believe it is very important to further incorporate evidence-based medicine into surgical practice. In an effort to support this concept the MIGS fellow will have an opportunity to obtain a Master of Public Health (MPH) degree through the Harvard School of Public Health (HSPH) Clinical Effectiveness Program. This unique program prepares physicians for clinical research responsibilities and for leadership roles in evaluating and improving all aspects of health care delivery. The MPH program is fully funded as part of the fellowship.

There are ample research opportunities within BWH and through Harvard Medical School. The fellow is expected to complete a minimum of two clinical research projects to be presented at national meetings and published in peer-reviewed journals.
