Site Visit: New Program

Scheduled: March 2012

Accredited:

Faculty:

Jennifer Tatalovich, MD, Joy D. Cox, MD, Matthew Hassan, MD, Nicole L. Heidemann, MD, Oscar E. Mendez, MD, Gautam G. Rao, MD, William J. Harb, MD

2-Year Program

Description:

This Fellowship program will offer the Fellow a unique opportunity to acquire advanced skills in the management of pelvic health disease processes. Our clinic has an emphasis in Urogynecology, Chronic Pelvic Pain, and complex pelvic surgery. This program has a high surgical volume. The 2009-2011 Fellow participated in over 190 operative laparoscopic cases, 120 robotic assisted cases, and 200 vaginal cases. There is a dry lab to practice laparoscopic suturing. There are also periodic opportunities to participate in cadaver and animal labs. The Fellow will have an independent clinic which will provide the opportunity for the Fellow to board independent cases if desired. Our program is also heavily involved with clinical research and the Fellow is expected to not only participate in existing research projects but to also create an independent research project for graduation.
