AAGL OBSERVERSHIP PROGRAM

MASOUD AZODI, MD
MIGS Fellowship Director

Program Description

Our program is a high volume service that covers the breadth of gynecologic endoscopy as well as complex abdominal and vaginal surgery. Fellows will benefit from surgeons whose collective focus include laparoscopic, hysteroscopic, and minimally invasive procedures including infertility, urology, colorectal, gynecologic oncology and general gynecology. Exposure to both conventional laparoscopy as well as robotic-assisted laparoscopy.

Preferred length of visit: 1-2 Weeks
