Hillsborough, North Carolina

AAGL OBSERVERSHIP PROGRAM

ERIN T. CAREY, MD, MSCR
Assistant Professor and Division Director

Program Description

Our MIGS division cares for women with pelvic pain and those needing advanced minimally invasive surgery. We perform both robotic and conventional laparoscopic surgery as well as hysteroscopic procedures. We have a busy clinical and surgical volume with surgical cases nearly every day of the week. Clinic includes a combination of surgical and pelvic pain referrals.

Preferred length of visit: 1-10 Days

Observer fee: \$150 Per Week
