Pittsburgh, Pennsylvania

AAGL OBSERVERSHIP PROGRAM

TED T. LEE, MD

Director, Minimally Invasive Gynecologic Surgery

Program Description

Magee-Womens Hospital is an all women's hospital within the University of Pittsburgh Medical Center. We offer a 1 or 2 week observational preceptorship. Surgical procedures ranging from laparoscopic excision of advanced endometriosis, laparoscopic hysterectomies, laparoscopic urogynecologic procedures as well as various hysteroscopic surgeries would be available for observation.

Preferred length of visit: 1-2 Weeks

Observer fee: Physician interested in observing for any length of time, will be charged an amount of \$250 plus the \$250 standard UPMC fee that is charged if the observership is more than a week.
