Dear colleagues and friends,

It is an honour and great pleasure to invite you to the Annual Meeting of the Middle East Society (The MESGE) and the International Society for Gynecological Endoscopy (The ISGE) which will be held in Dubai between 23rd -26th April, 2014.

The MESGE and ISGE are proud to present their endoscopic conference in Dubai. This will be the first time an endoscopic conference of this scale will be held in the Middle East Region.

This joint venture is a culmination of years of planning, and we are delighted to bring a congress dedicated to Gynecological endoscopy to the doorstep of the Middle East.

The faculty will comprise of renowned endoscopic surgeons from the Middle East and the rest of the world (USA, Canada, Africa, Europe and Asia Pacific Countries).

The conference will encompass dedicated pre-conference workshops, formal lectures and live surgery transmission from India, Germany, Turkey, Portugal and France.

The medical community in our region is in need of unity. Our objective is to develop the standards, skills and reach in order to drive laparoscopic interventions and enrich the lives of our women patients. Our educational programme will be CME accredited.

We are planning an inspiring event featuring some of the world’s most renowned surgeons in the field, key opinion leaders in the global Gynecological community, distinguished keynote speakers, and panelists sharing their experiences and exchange ideas.

The pre-congress workshops will provide hands-on stimulating experience for attending participants to polish and refine practices and techniques.

We aim for a warm event to connect, meet old friends and make new ones.

We also welcome our sponsoring and contributing organisations and companies whose partnership we acknowledge and value. Your presence and support enable such forums to develop and drive medicine for the wellbeing of our patients and communities.

On behalf of MESGE and ISGE, we welcome you to our joint annual meeting in Dubai.

With warm regards,

Prof. Mohamed Ibrahim

All delegates, speakers and exhibitors are invited to attend the Opening Ceremony on Wednesday 23 April from 6pm at Madinat Jumeirah.

Dubai is a unique destination that is both a dynamic business center and a touristic paradise, offering a multitude of attractions, shopping, fine dining and quality hotels. It is the perfect location for an international congress with world class facilities and its enviable geographical position serviced by all major international airlines.

From the timeless tranquility of the desert to the lively bustle of the souk, Dubai offers a kaleidoscope of attractions for visitors. The emirate embraces a wide variety of scenery in a very small area.

In a single day, the tourist can experience everything from rugged mountains and awe-inspiring sand dunes to sandy beaches and lush green parks, from dusty villages to luxurious residential districts and from ancient houses with wind towers to ultra-modern shopping malls.

For a range of hotel options to suit your budget, please contact our hospitality department at hotels@informa.com.
