

AAGL OBSERVERSHIP PROGRAM

SCRIPPS CLINIC
SAN DIEGO, CALIFORNIA

BRUCE KAHN, MD, FACOG
MIGS Fellowship Director

Program Description

The AAGL Observership program at Scripps Health is a variable experience ranging from one day to 3 weeks. The faculty and affiliated colleagues perform a wide variety of complex MIS procedures including laparoscopic, robotic, vaginal and hysteroscopic surgery for both benign and malignant gynecologic disease. Observers can pick and choose from a variety of case experiences. Dr. Kahn, the program director, specialized in Female Pelvic Medicine & Reconstructive Surgery. The diagnosis and treatment of women with chronic pelvic pain is also an area of focus in his practice.

Preferred length of visit: 1 day - 3 Weeks
