MONTEFIORE MEDICAL CENTER
ALBERT EINSTEIN COLLEGE of MEDICINE
BRONX, NEW YORK

Accreditation Period: 2017 – 2022

MARK D. LEVIE, M.D.
Program Director

JA HYUN SHIN, M.D.
Associate Program Director

Faculty

Erika Banks, MD, Veronica Lerner, MD, Michelle Pacis, MD, Sophia Palmer, MD, Holly Yettaw-Luts, MD

2-Year Program

Description: The fellowship in Minimally Invasive Gynecologic Surgery at Albert Einstein College of Medicine / Montefiore Medical Center is a comprehensive, two-year, academic fellowship. Montefiore Medical Center is one of the largest health care systems in New York and is the largest in the Bronx. The department of Obstetrics & Gynecology and Women's Health currently offers fellowships in all the major subspecialties of OB/GYN and is one of the largest residency programs in the U.S. (46 residents). The close affiliation with the other divisions of OB/GYN as well as the other departments of the medical center and medical school creates a large resource pool for an expansive academic and clinical experience for fellows. This fellowship is geared towards individuals interested in developing proficiency in advanced gynecologic surgery as well as advancing their academic aptitude. We are looking to help create leaders in minimally invasive gynecologic surgery. Clinical activities and training cover the full gamut of laparoscopic, robotic, vaginal, and hysteroscopic procedures. Aside from the operative experiences, the fellow will be involved in the educational activities of the residents. They will help precept in the simulation and animal laboratory and will give didactic sessions. Requirements of the fellowship include successful completion of a biostatistics course and performance of original research that will culminate in publication in a peer-reviewed journal.
