Associate Program Director

FACULTY

James A. Greenberg, MD
Vatche Minassian, MD
Antonio Gargiulo, MD
Neeraj Kohli, MD
Michael Muto, MD

TWO YEAR PROGRAM

2-Year Program	
Optional Degrees:	<input checked="" type="checkbox"/> MPH <input type="checkbox"/> MBA <input type="checkbox"/> MS <input type="checkbox"/> Other: <input type="checkbox"/> None
Number of Faculty:	
	GYN Faculty: 4 UROGYN Faculty: 2
	REI Faculty: 1 ONCOLOGY Faculty: 1
	GU Faculty: General Surgery Faculty:
	Colorectal Faculty: Other:
Residency Program Affiliation:	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Computer Simulation Center:	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Training Labs:	
	<input checked="" type="checkbox"/> Cadaver lab <input type="checkbox"/> Animal Lab <input type="checkbox"/> None
	<input checked="" type="checkbox"/> Dry Lab <input checked="" type="checkbox"/> Robotics
Office Surgery:	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Contract/Agreement Letter:	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Stipend PGY-5 or 6: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Resident Teaching <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Benefit Package: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	OB obligation: <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, please describe obligation.
	Junior Faculty <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Attending Privileges <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Moonlighting: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Non-compete clause: <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
	Malpractice: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Meeting support: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Malpractice tail coverage: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Other coverage obligations- specify:
Accept J1 & H1Visa applicants	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Dedicated Research Hours:	Hours/per week: Hours/per month: 20 hours/month
Protected Academic:	Hours/per week: Hours/per month: 20 hours
Clinical Focus/Special Interest:	
	<input checked="" type="checkbox"/> Reproductive Surgery <input checked="" type="checkbox"/> Oncology
	<input checked="" type="checkbox"/> Endometriosis/Pelvic Pain <input checked="" type="checkbox"/> Pelvic Reconstruction
	<input checked="" type="checkbox"/> Robotic Surgery <input type="checkbox"/> Pediatric/Adolescent
	<input type="checkbox"/> Hysteroscopic Surgery <input type="checkbox"/> Other:

Description of Program:

Brigham and Women's Hospital is a high volume academic hospital affiliated with Harvard Medical School. The Department of Obstetrics and Gynecology offers a full range of highly competitive fellowship programs in addition to a busy resident teaching service. We are in a unique position to offer a strong candidate an opportunity to become proficient in a wide variety of MIGS techniques and to benefit from the large number of educational and research activities offered at our institution.

Our main goal is to graduate a competent MIGS surgeon as well as an academician that is ready to take on a leadership role within the MIGS community. The fellow will rotate with a number of experienced MIGS surgeons at Brigham and Women's Hospital and Brigham and Women's Faulkner Hospital, allowing for exposure to a variety of techniques and procedures throughout the training period. Some of the more commonly performed procedures include TLH, LSH, laparoscopic myomectomy, sacrocolpopexy and surgical treatment of advanced endometriosis. The fellow will also gain experience in robotic surgery, gynecologic oncology procedures and urogynecologic surgery. Members of the division also perform a number of other procedures, such as laparoscopic abdominal cerclage, uterine artery occlusion, presacral neurectomy and a full range of hysteroscopic procedures. There is a pelvic pain clinic rotation built into the fellowship schedule each year, as well as a month-long "fellowship swap" with the Newton Wellesley MIGS program, also in Boston.

We believe it is very important to incorporate evidence-based medicine into surgical practice. In an effort to support this concept, the MIGS fellow will have an opportunity to obtain a Master of Public Health (MPH) degree through the Harvard School of Public Health Clinical Effectiveness Program. This unique program prepares physicians for clinical research responsibilities and for leadership roles in evaluating and improving all aspects of health care delivery. The MPH program is fully funded as part of the fellowship.

There are ample research and teaching opportunities within BWH and through Harvard Medical School. The fellow is expected to complete a minimum of two clinical research projects to be presented at national meetings and published in peer-reviewed journals.
